The Chimneys Golf Course to Close for Two Weeks

Winder, Ga. –Out of an abundance of caution and in accordance with the Georgia Department of Public Health guidelines to mitigate the spread of COVID-19, The Chimneys Golf Course will be closed for at least two weeks: Wednesday, July 1 through Wednesday, July 15. A golf course employee has potentially been exposed to someone experiencing symptoms of COVID-19, which has prompted the closure.

During this time, all golf course employees will self-quarantine at home and these employees have been asked to be tested for COVID-19. The golf course employee has not had contact with non-golf course employees and has not entered any other City facilities. Therefore, the remainder of City facilities will remain open to the public. All facilities at The Chimneys Golf Course will undergo a thorough cleaning during this time.

Customers who have pre-paid for tee times and other golf course services are eligible for a refund. Please contact info@chimneysgc.com to request a refund.

For the Georgia Department of Public Health information on COVID-19, visit <https://dph.georgia.gov/health-topics/coronavirus-covid-19>.

We apologize for the inconvenience, but protecting the health and well-being of our customers and staff is a priority.
